FOR ENTERPRISE  
2007

THE QUEEN'S AWARDS  
FOR ENTERPRISE  
2009

ETL's broadcast, government and telecom customers are spread around the world and its equipment is well known for its resilience, RF performance and design. ETL is an ISO 9001 accredited, award winning worldwide supplier.

Who Are We?

ETL Systems is located next to BT's impressive satellite teleport at Madley, 5 miles from Hereford. This rural area is perfect for satellite communications as it is protected by the bordering hills. The purpose built ETL facility is surrounded by cider apple orchards and has great links to Gloucester, Ross-on-Wye, Monmouth and Worcester.

Why Herefordshire?

Herefordshire is an area of outstanding natural beauty, with the Forest of Dean to the south, Malvern hills to the east, Shropshire hills to the north and Brecon Beacons to the west.

Some of the many reasons why staff like working here:

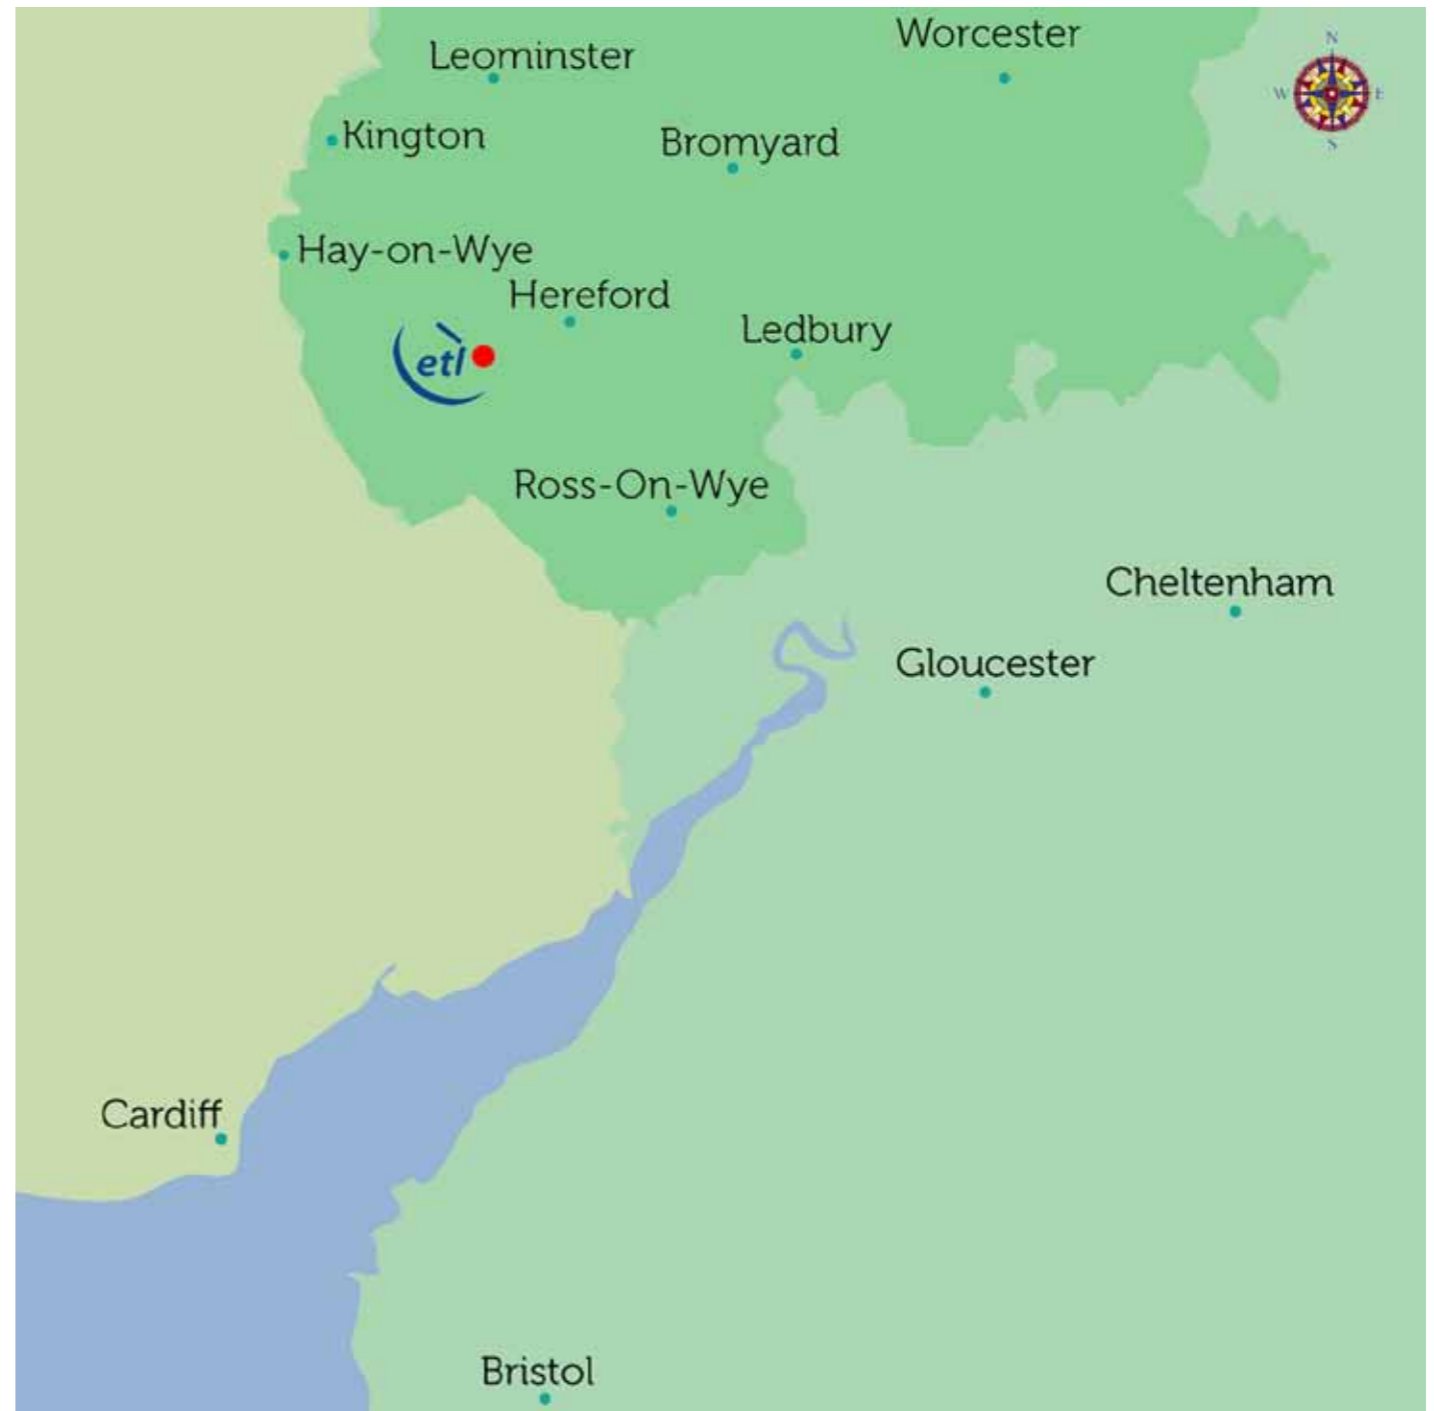

- Centre of culture and history with castles and black & white villages
- Outdoor pursuits, farm parks and plenty to keep children entertained
- Excellent village schools and high quality further education colleges
- Good mix of different industries and variety of job opportunities
- Good motorway links with the rest of the UK
- Plenty of living choice; from city centre apartments to country cottages.

- Wye Valley Walks
- Canoeing
- Cycling
- Brecon Beacons
- Forest Of Dean
- Castles & Ruins
- Historic Market Towns
- Courtyard Theatre
- Hay Literature Festival
- Arts & Culture
- Parks & Gardens
- Leisure & Fitness
- Restaurants & Bars
